Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u>?	PPO <u>provider</u> and Non-PPO <u>provider</u> combined: \$400 per person/ \$1,200 per family.	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u>?	Yes. PPO <u>provider</u> <u>prescription drugs</u> , PPO <u>provider</u> <u>preventive care</u> , and PPO <u>provider</u> physician and <u>specialist</u> office visits are covered before you meet your <u>deductible</u> .	This <u>plan</u> covers some items and services even if you have not yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other <u>deductibles</u> for specific services?	No.	You do not need to meet deductibles for specific services.
What is the <u>out-of-pocket limit</u> for this <u>plan</u>?	PPO <u>provider</u> : \$3,700 per person; \$7,000 per family; In-network <u>prescription drugs</u> : \$2,500 per person; \$5,000 per family.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u>?	Non-PPO <u>provider</u> expenses (except for emergency care), <u>premiums</u> , <u>balance-billing</u> charges, penalties for failure to obtain <u>preauthorization</u> , and health care this <u>plan</u> does not cover.	Even though you pay these expenses, they do not count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network provider</u>?	Yes. See www.bcbsil.com or call 1-800-810-2583 for a list of PPO <u>network providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u>?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

 All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
